ALH Group completes settlement of the Compass Hotel Group in WA

ALH Group is pleased to announce that it has completed settlement today of the Compass Hotel Group

ALH Group currently operates 16 hotels in Western Australia, and the acquisition of the 12 Compass Hotels will complement our existing properties.

ALH Group Chief Executive Officer Bruce Mathieson Jnr said "It is great that the existing management and staff of the Compass Hotel Group now have employment certainty and we are looking forward to serving and meeting our many current and new customers during the busy holiday season.

Pubs with a retail offer will be rebranded BWS and stock an extensive range of your favourite Beer, Wine and Spirits. We will shortly showcase our Graziers brand steaks at these pubs and will naturally continue to offer a wide range of beers, including local, imported and handcrafted products."
